Each session offers two weeks of "Summer Fun" that are designed to provide relaxed and interesting enrichment opportunities for children ages 12 months to 7 years, utilizing our Montessori curriculum, in a safe, nurturing environment with caring adults.

Session 1: June 15 - 26 *"Under Construction"*

Inspire your inner architect. Construct your very own buildings, bridges and roads! Plan, design and create a model community. Create a woodworking project with age appropriate activities such as measuring, sanding, sawing, hammering and gluing.

Session 2: July 6 - 17 *"Fit Kids Cook"*

Set up a restaurant and create healthy menus, practice our grace and courtesy as children take turns ordering, preparing and serving each other. Explore ways to keep our bodies healthy while meeting our needs for activity and rest through a myriad of experiences.

Session 3: July 20 - July 31 *"Mad Scientist"*

Till the earth, plant seeds and watch them sprout! Explore our natural environment and learn how to protect and preserve our resources and explore the magic of physics and chemistry through a variety of hands-on experiments.

Session 4: August 3 - August 14 *"Orientation to Montessori"*

Always wanted to try Montessori? Need a refresher to get back in the swing of things before school starts? This is the session for you! We'll have introductions to the expectations, routines, new lessons, and our world famous "peace curriculum"!
